“ तमसो मा ज्योतिर्गमय ” - Leading from darkness to light

COMPACT symbolises a professional enterprise synonymous with lighting. We are one of the largest brand manufacturers in India with more than 40000 Sq ft space dedicated to lighting.

COMPACT has always been a trendsetter in the Lighting industry. With more than 6 design patents, our biggest strength is our ability to develop electric lighting solutions tailormade to Indian power conditions.

Our smart factory incorporates the best practices of automated manufacturing systems with more than 6 dedicated lines. Our in-house SMT (Surface Mounting Technology) Plant gives us a deep foundation in Electronic Manufacturing Systems(EMS). With full backward integration like our own Extrusion machines, we are dedicated towards local manufacturing with “Made in India” LED lights not just assembled in India.

Our large product portfolio covers the entire spectrum of consumer lighting needs, both domestic and commercial. We have always believed in offering our customers superior quality products delivering optimum value. Our strong network presence in more than 10 states in India helps us touch more than 3000 retail points across the country.

With best in class after sales service, we stand by the guarantees offered on our products. COMPACT is a hallmark of trust and we truly cherish the faith that our customers have reposed in us.

We stand strong today and wish to thank millions of our customers whose life we have touched in a small way. Bringing light to your life, we stand committed to our core values of Honesty, Sincerity and Trust.
